## Blending with System

Simple. Easy. Multi Purpose.

**SERVOLIFT**  
lifetime solutions

Your specialist for  
complete handling-, blending-  
and cleaning technologies

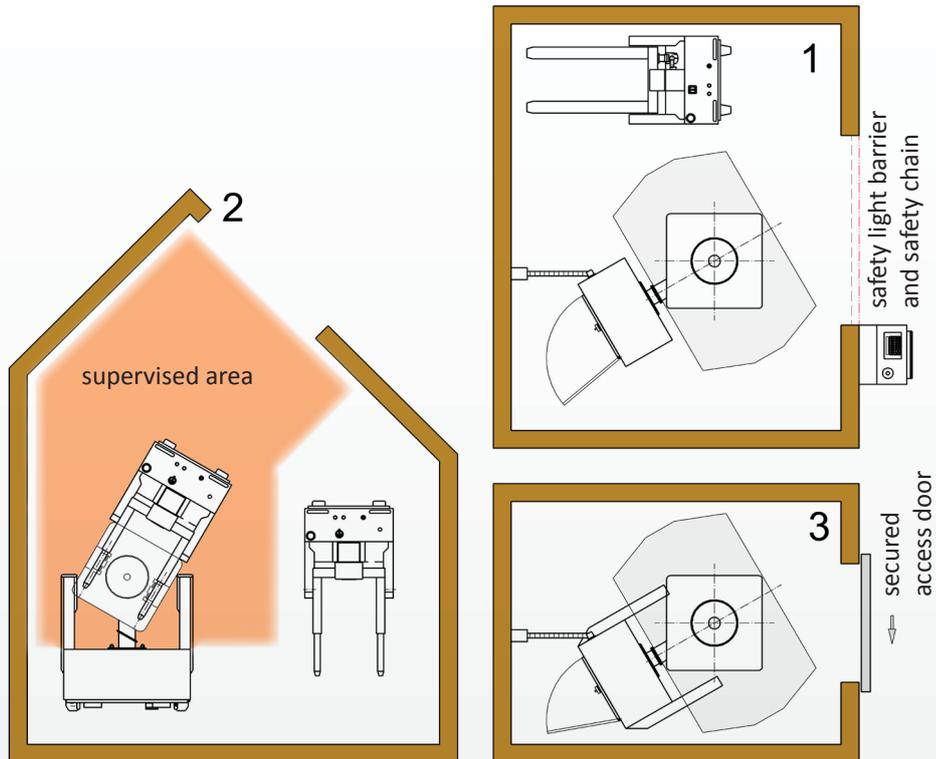

### ► Blending with System

The demand of our customers is a small blender for container with a volume of 1-250 litres. SERVOLIFT offers the right system, consisting of one blender, one or more containers as well as one lifting column wich can be maneuvered easily. The characteristics of this system are the small space required for the blender, the simple handling of the container and the safe docking onto tablet presses.
